

Advance-Nilfisk Part

Advance-Nilfisk Parts - Imagine how long and tedious it would actually be to clean-up right after a party, with out assistance from machines. Previously, the dust from upholstery and carpets had to be beat out of them by hand; brooms, brushes and cleaning cloths were the top cleaning products back then.

P.A. Fisker, the man who founded Nilfisk-Advance, was actually an electrical engineer who really loved working with electrical motors. Starting the company in 1906, he began to make motors so as to drive coffee grinders, drills, fans and machine tools. Mr. Fisker's vision from the start was to have a global company marketing products worldwide.

The Nilfisk C1 was a remarkable breakthrough for the cleaning industry. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed only 17.5 kilos and could be operated by a single individual. This invention came in a time where many cleaning equipment were very big and required at least 4 operators, thus, the Nilfisk C1 changed everything and evolved the method we clean forever. The genius behind these very first cleaning equipment remains unparalleled. Cleaning machines provide a brilliant solution to an existing problem; stuff get filthy and have to be cleaned on a regular basis, without too much effort.

Gradually but steadily, Nilfisk-Advance developed throughout the years. In the 1980s, this expansion really took place when the company became a part of the NKT Group. Their new owners' determination and concentration made Nilfisk-Advance take a huge leap forward within the business, aiming to be among the leading international players in the market of professional cleaning equipment. Nilfisk-Advance is now located in all parts of the world due to steadily acquiring many small companies so as to grow their product portfolio and presence in new markets. They are really proud to provide different cleaning solutions to meet each and every need.
