

Lull Telehandler Parts

Lull Telehandler Parts - Lull telehandlers have been supplying precision load placement ever since the year 1959. Whether the job requires landing loads on scaffoldings, transferring loads or positioning heavy steel, utilizing a Lull telehandler will really help make the task go faster and easier. These units are complete with the patented Stabil-Trak stability system to be able to ensure operator confidence.

The horizontal placement system by Lull can provide 80 inches of boom travel for precision placement functionality. There are likewise lots of optional Lull attachments for their telehandlers so as to help complete whichever job.
