

TCM Forklift Parts

TCM Forklift Parts - In the global trade of material handling, forklifts play a major role for transporting industrial goods. Originally innovated as industrial vehicles during the 1930s in the United States of America, forklifts gained recognition after WWII during the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these machines spread worldwide.

Originally established as Toyo Carrier Manufacturing Company Limited, in the year 1949, the business was later renamed Toyo Umpanki Co. prior to becoming known as the TCM Corporation. Started by Mr. N. Niwa manufactured Japan's very first lift truck. Through the years, TCM forklifts have become an international leader in lift truck manufacturing and have built a solid reputation with the industry. TCM began building lift truck manufacturing locations outside of Japan in the 1980s and is presently engaged in forklift manufacturer at three foreign factories in Europe, China and the United States.

TCM proudly manufactures numerous models of industrial forklifts with more than 50 years of accumulated expertise and technology, making their products used and recognized all around the world. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and aspires to become a world-class leading business.
